National Bureau for Revenue (NBR) updates the Imports and Exports VAT Guide

NBR has recently updated the Imports and Exports VAT guide and released version 1.2. In the updated version, it has been clarified that if the amendment of a customs declaration results in an overpayment of VAT by a VAT registered importer, this excess may be recovered from the NBR as input tax in the VAT return.

NBR has also clarified that persons who are not registered for VAT may make a claim the overpaid amount directly from the NBR.

DID YOU KNOW?

The deadline for filing the annual Economic Substance (ES) return for Bahrain based entities for the 2020 financial year is 31 March 2021.

Background to the ES rules: The Ministry of Industry, Commerce and Tourism (MoICT) and the Central Bank of Bahrain (CBB) issued a Directive OG/499/2018 (CBB Directive) on 22 November 2018 and a Ministerial Decision no. 106 (MO 106) on 27 December 2018 (collectively 'Economic Substance Rules' or 'ESR') imposing substance requirements for Bahraini entities undertaking geographically mobile activities in, from or through Bahrain. The ES rules apply to entities (corporations, branches and partnerships) that are carrying on one or more of the following relevant activities:

- Distribution and service centre
- Headquarters
- Holding company
- Leasing
- Shipping
- Intellectual property (IP)
- Banks
- Financing companies
- Insurance
- Investment firms (CBB categories 1 & 2)
- Fund administrators

Some of the above activities are regulated by the CBB and therefore need to report to the CBB.

Entities undertaking one or more of the relevant activities must meet the ES tests – prove that have genuine commercial operations and management in Bahrain – and lodge the ES Return within 3 months from the financial year end to the relevant competent authority.

The above is for general information only and is not intended to address the circumstances of any particular scenario. Please seek professional advice in relation to your particular circumstances.
