

# Chief Audit Executive | Economic Outlook for 2022 Webcast

We polled nearly 2,000 individuals who hold various risk roles at their organizations, and here is what we discovered.

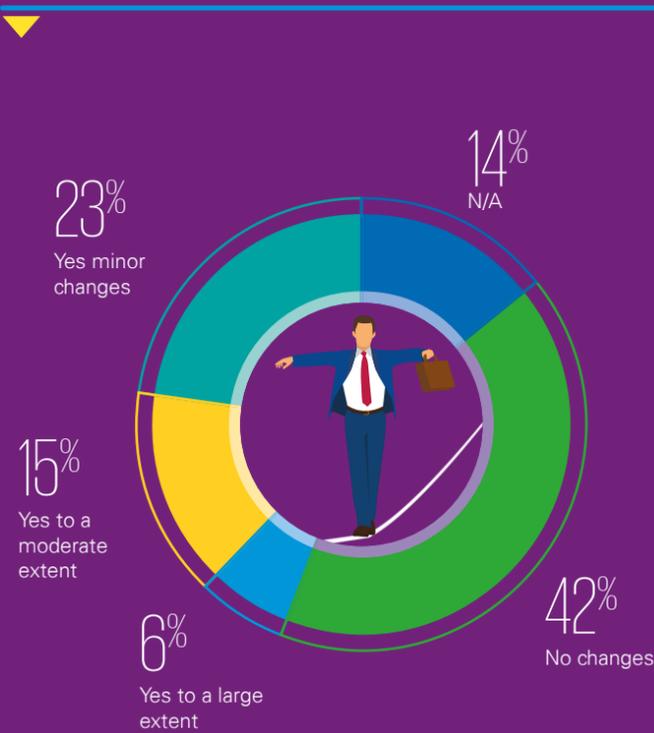

The overall consumer price index grew by 6.2% from October of 2020 to October of 2021. How fast do you expect overall inflation to grow in 2022?

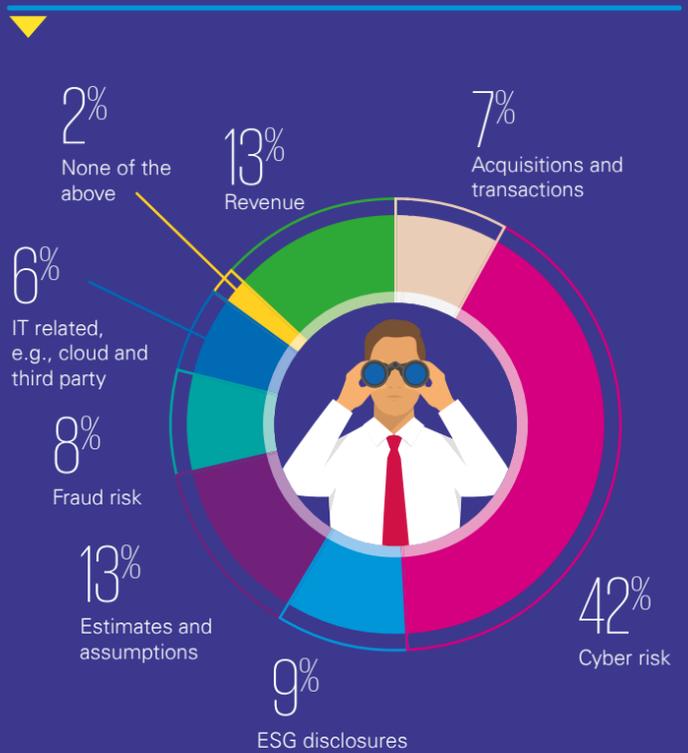

What skills do you think are most important for an internal audit role?

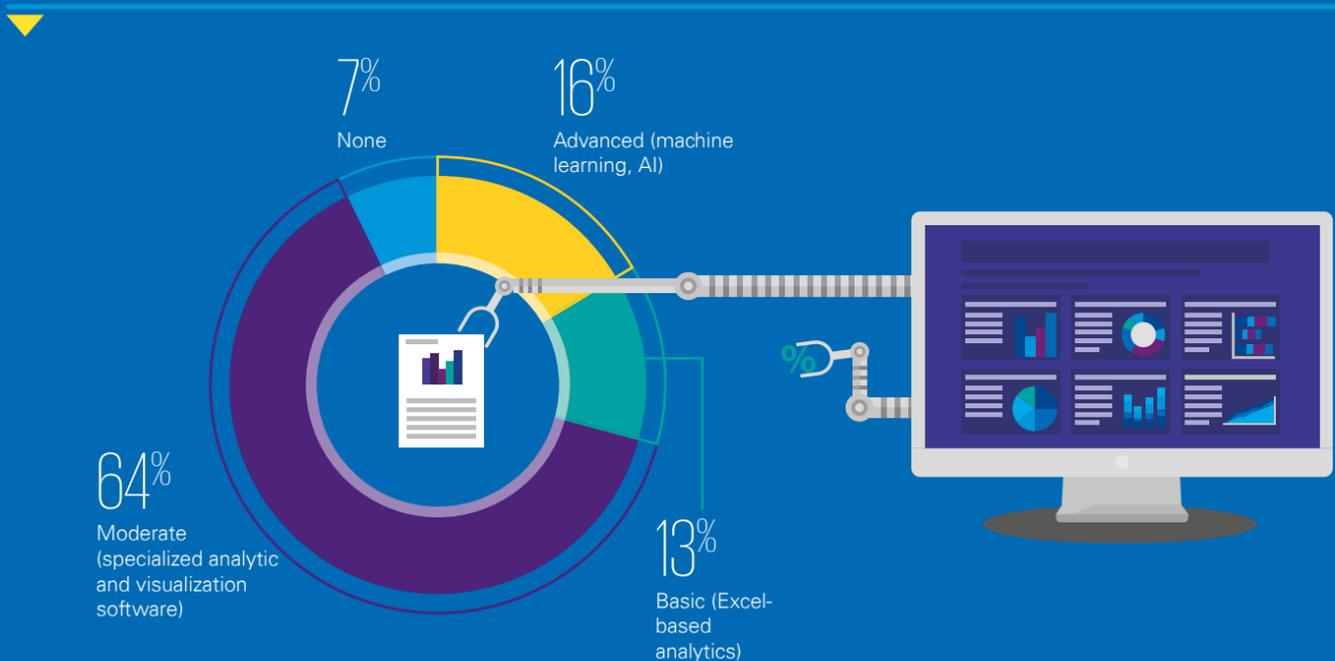

Have increased risks from the pandemic caused your organization to shift your SOX focus toward locations that were typically out of scope?

Which of these topics do you believe will require the most focus in 2022 from an internal controls perspective?

What level of technology and analytics skills are you looking for an internal auditor to have?

Data was gathered from responses to polling questions posed during our Chief Audit Executive | Economic Outlook for 2022 Webcast, which took place on December 2, 2021.
