

KPMG Mobile Solutions - transforming business inside & out

A key to future success is the ability to transform customer-facing and internal processes into mobile experiences. Customers and employees demand it, digital leaders show the way. This includes mobilizing existing business systems, enhancing the customer journey, streamlining corporate procedures, and adapting entire business models. The opportunities are great, but so are the challenges. KPMG Mobile Solutions brings expert support and enabling technology.

Main challenges

Mobile transformation requires new thinking, from redefining the customer experience to reengineering processes, all the while adhering to security standards and industry regulations.

Your issues

- Customer experience: You want to enhance your customer interaction with attractive mobile experiences? By mobilizing your business systems and by using customer insights to create successful mobile services?
- Process efficiency: You'd like to digitize and mobilize your corporate processes and workflows to make them more efficient and controlled?
- **Lifecycle management:** You want to effectively monitor and manage your mobile applications, to measure success and optimize your app portfolio?
- Compliance assurance: You need to effectively govern your mobile services, ensure security and comply with regulatory standards?

How we can help

- Designing winning customer experiences, leveraging mobile capabilities and employing bestpractice mobile user interface design.
- Analyzing **customer insights** to develop optimal segments and user stories.
- Optimizing processes and creating efficient mobile process management tools.
- **Developing applications** and mobilizing your current business systems.
- Providing a powerful mobile **app management**. platform for efficient governance & optimization.
- Ensuring compliance with data privacy and other regulatory requirements.

Mobile for customers and employees

Leverage mobile services to greatly enhance the customer journey and experience. Mobilize corporate processes and workflows to support and streamline your business functions.

Client-facing: Enhancing the **Customer Journey**
