Perspectives from KPMG in India

1

## Aviation in a post pandemic world: challenges and opportunities

*By Vasudevan S., Partner and Global Sector Lead – Airports Business, Infrastructure, Government and Healthcare (IGH), KPMG in India*

The sector has been among the worst hit by the pandemic disrupting supply chains globally and claiming millions of jobs. While a few green shoots of progress have emerged in many regional aviation markets, the recovery is expected to be slow, uncertain and inevitably painful.

2

## Energy transition in India: moving towards self-reliance and sustainability

*By Srinivasa Rao Patnana, Partner, IGH, KPMG in India*

As the green shoots of an economic recovery start to take shape, India's energy demand is expected to pick up in the near future. India now faces the daunting task of meeting this demand while reducing its carbon emissions and ensuring energy security for the future.

3

## Digital transformation in India's labour ecosystem: Organising the unorganised

**By Vivek Agarwal, Partner, IGH, KPMG in India**

With a nearly 500 million strong workforce, India faces an employment deficit unlike any other. This is one of the most daunting challenges India's policy makers face, especially in the midst of managing the fallout from the COVID-19 pandemic.

4

## Digital innovation: embracing disruptive business models

**By Feroz Khan, Partner and Head of Department, New Digital Technology, KPMG in India**

Innovation in emerging technologies, especially those harnessing data and analytics, is powering the current wave of digital disruption. This phenomenon has triggered a massive transformation in the business ecosystem. As a result, challengers that embrace new business models, stand to gain sustainability and take a dominant position in the market.

## Changing paradigms of third-party onsite assessments in the post COVID-19 era

**By Srinivas Potharaju, Risk Transformation Leader and Partner, Risk Consulting, KPMG in India; and Srijit Menon, Third Party Risk Management Leader and Director, Risk Consulting, KPMG in India**

Organisations and their customers face a growing number of third-party incidents, coupled with heightened regulatory scrutiny, and therefore, third-party risk is emerging as a focus area.
