Consultants for sustainability services

KPMG is a leading provider of professional services, which include audit, tax and advisory. The aim of KPMG is to inspire confidence and empower change. KPMG has a notable 'African Footprint' and is well used to serving clients across the continent. Our East Africa practice comprises Kenya, Uganda, Tanzania, Ethiopia and Rwanda. The Nairobi office serves as the regional coordinating office providing the required networking to facilitate delivery of services on a timely basis to meet and exceed our clients' expectations.

KPMG's Risk Consulting practice helps organizations achieve their objectives by providing quality Risk Consulting advice about optimizing risk, turning risk into advantage, and aligning risk appetite to desired returns. We address risk governance in a multi-disciplinary and holistic way and shape the thinking of Boards and Management regarding complex business issues.
