# Malaysia - Various Immigration Administrative and Application Updates

There have been several immigration-related changes in Peninsular Malaysia in recent months, some of them taking effect in December 2018 and January 2019.

A number of the key changes, which we highlight below, include applications for Employment Pass and Professional Visit Pass, eVisa, and MYXpats.

---

## WHY THIS MATTERS

Global mobility professionals charged with the immigration affairs of their assignees and immigration counsel should be aware of these updates since such changes could impact their processes and procedures.

Companies with expatriate employees should experience more prompt and timely endorsement of approved work permit or visa applications through the new systems and venue introduced, which we describe below.

With the consolidation of applications online, the processing time is expected to be reduced (if documentation requirements are met).

---

## Application for Projection of Employment Pass (“EP”) and Professional Visit Pass (“PVP”) Applications for Year 2019

Commencing 3 December 2018, companies registered with the Expatriate Services Division (“ESD”) may apply for projection of expatriates for EP and PVP for the year 2019<sup>1</sup>. All unutilized projections approved for year 2018 will not be carried forward to year 2019.

## Relocation of MYXpats Centre

MYXpats Centre was relocated from Level 16 to Level 4, Surian Tower on 8 October 2018<sup>2</sup>.

The new office is more spacious and can receive twice the number of clients / visitors. It has enhanced facilities and systems to ease transactions. This aligns with the authorities' objective to introduce more services in the near future.

## Additional Venue for Endorsement of PVP

Effective 10 December 2018, the new MYXpats Centre is able to carry out the endorsement of PVP. Prior to this, the endorsement was carried out at the Immigration Department of Malaysia ("IDM") Headquarters at Putrajaya or at selected Immigration state offices; although the online application is processed by MYXpats.

## MYXpats to Handle Endorsement of EP Application for Expatriate Positions Pre-Approved by MIDA with Effect 5 December 2018

The Immigration Unit at the Malaysian Investment Development Authority ("MIDA") ceased to accept EP applications effective from 5 December 2018<sup>3</sup>. However, applications for work permits sponsored by a Representative Office or Regional Office will still be submitted to the Immigration Unit at MIDA as per the current process.

## eVisa for EP Applicants

eVISA is an online application platform that enables selected foreign nationals to apply for an electronic visa to enter Malaysia at their convenience instead of having to visit the foreign mission personally. The application is made through <https://www.windowmalaysia.my/evisa/evisa.jsp>. This is only applicable for applicants from 10 countries (i.e., The People's Republic of China, India, Sri Lanka, Nepal, Myanmar, Bangladesh, Pakistan, Bhutan, Serbia, and Montenegro) who have received the approved EP and visa with reference letter from the ESD. The eVisa can be applied for no matter where the applicant is, except if he or she is in Malaysia and Singapore.

The eVisa is not applicable for Dependent Pass ("DP") and PVP applicants.

---

## KPMG NOTE

The IDM has been continuously improving their facilities to meet market demand. Having a one-stop center at a strategic location next to the latest Mass Rapid Transit ("MRT") train station, besides relocating to a more spacious office with additional services in MYXpats Center, enhances service in respect of expatriates' immigration matters.
